❖ Delhi International Airport was awarded with "Best Airport of the year" as well as "Sustainability Champion" award at Wings India Awards 2024 held in Hyderabad, India on January 18, 2024

❖ ESG Focus: Delhi International Airport on February 05, 2024 announced the launch of an advanced Hydrant Refuelling System (HRS) at all parking bays of Terminal 1
- ✓ HRS will replace the movement of traditional bowsers and refuelling tankers at aprons, paving the way for a cleaner and greener future for the airport
- ✓ With the HRS now operational across all parking bays of the three terminals, Delhi Airport is poised to achieve significant environmental benefits as the system is estimated to reduce carbon emissions by 3,000 tonnes annually, a crucial step towards Delhi Airport's ambitious goal of becoming a Net-Zero Carbon Emission Airport by 2030
- ✓ Delhi Airport now has the largest aviation fuel infrastructure in the country with approx. 36 km of HRS pipeline network and 320 hydrant pits that are laid out in the aprons for delivering fuel to aircraft
